

ABOUT US

Ability School Summer Camp offers children ages four to twelve the unique opportunity to enjoy a summer filled with both learning and fun!

Give your child a summer of learning & fun!

JUNE 26- AUGUST 11TH
9:00AM-4:00PM

At Ability School, they can skip the summer slide while having a blast!

Working on individualized programs in the mornings, students can enhance their academic skills in subjects like reading, writing, science, study skills and math. This allows them to explore areas of interest or get ahead in a subject that they find challenging.

Afternoons are spent celebrating and enjoying all the fun that summer has to offer! Outdoor activities, crafting, sports, water fun, games and art are included as well as engaging weekly field trips to nature centers and museums.
